

## **SOLAR FIRE INTERPRETATIONS REPORT**

### **Solar Fire Midpoint Interpretations**

*(c) 2008, Esoteric Technologies Pty Ltd Some Interpretations are from: Roderick Kidston, Aquarius Communications, 2003-10*

This report produces the general text for the various midpoint combinations of those planets or points that have been selected for display on a chart. This text is not specific to one chart but may assist in your understanding of synthesizing planetary meanings for midpoints.

The Solar Fire Midpoint interpretations text has been written by UK astrologer Julian Venables. Julian works in England as a client-based astrologer, teaching beginners' classes as well as conducting private tuition. He holds a certificate from The Faculty of Astrological Studies and has completed his Diploma studies and Exams. Julian was on the committee of The Astrology Lodge of London and is a member of The Astrological Association of Great Britain.

### *Jupiter / Pluto*

This point represents your striving for development of personal power through study, religion and travel. The sign placement gives more information on your style of spiritual and intellectual leadership and how you influence groups of people.

### *Jupiter / North Node*

This point represents good connections with others and beneficial associations that help you get growth in life. The sign placement gives more information on the style of community or group that you share interests or beliefs with.

### *Jupiter / Ascendant*

This point represents you at your most agreeable, harmonious and sociable. The sign placement gives more information on your general disposition, personality and attitude towards life as well as your influence on the environment around you.

### *Jupiter / Midheaven*

This point represents your aim for success, what makes you happy and how you want to be seen by the world. The sign placement gives more information on your style of optimism and positive outlook and the kind of profession where you find success. It is a strong soul point and shows where you are at your noblest.

### *Saturn / Uranus*

This point represents unbearable tension and irritability. You want to make changes and reforms but feel restricted by boundaries or traditional rules. The sign placement gives more information on how you cope with tense situations and your ability to persevere and endure. This point is to do with obstinate willpower and determination.

### *Saturn / Neptune*

This point represents the abandonment of your duties for a lifestyle of abstinence and sobriety. The sign placement gives more information on what you sacrifice in your life as well as your general cautiousness, self-restraint and denial.

### *Saturn / Pluto*

This point represents the hardest and most difficult path to follow in order to get rewards and success. It is where we undergo superhuman feats of endurance, immense physical stresses including illnesses, endurance, self-discipline and self-denial. The sign placement gives more information on the style and area of life of struggling, severity, cruelty, violence and hard-heartedness.

#### *Saturn / North Node*

This point represents your tendency to be isolated. The sign placement gives more information on your difficulties in cooperating with others and how you feel inhibited when in groups; it can also show the kind of older and mature people you might be drawn to.

#### *Saturn / Ascendant*

This point represents the difficulties you have in your general approach to life. The sign placement gives more information on the style of impediment or obstruction that you experience as you meet life and in your relationships.

#### *Saturn / Midheaven*

This point represents where your life direction is held back and your aspirations can feel repressed. The sign placement gives more information the style of restrictiveness and personal boundaries or self discipline.

#### *Uranus / Neptune*

This point represents your spiritual and mystical inclinations and where you might receive inner illumination and enlightenment. The sign placement gives more information on your spiritual understanding and your inspiration and idealism.

#### *Uranus / Pluto*

This point represents where you wish to bring regeneration and change through a revolutionary attitude if necessary. The sign placement gives more information on your style of reform, your objectives and your creative power.

#### *Uranus / North Node*

This point represents your shared life experiences with a team or group. It indicates where you can bring reforms and an inventive attitude to the world. It is also about your ability to make sudden contacts, and the point that can represent a surprising change in your destiny.

#### *Uranus / Ascendant*

This point represents your quick responses to the world around you. It shows the original and eccentric part of your personality. The sign placement gives more information on style of inventiveness, originality and quirkiness.

#### *Uranus / Midheaven*

This point represents where you can expect sudden changes or a re-arrangement in your career or vocation that leads toward the success or advancement of your aspirations.

#### *Neptune / Pluto*

This point represents the power of your imagination. It shows where you go deeply and intensely into such areas as supernatural and mystical realms. You might also find yourself compulsively attached to a peculiar or strange idea, through which you search for self-knowledge and illumination.

*Neptune / North Node*

This point represents where your contacts and associations can be unclear and vague. It is where you are unsure of what stimulates you or how you are pulled in the direction you are going in. You can show rather disruptive social tendencies, replacing community spirit with confusion.

*Neptune / Ascendant*

This point represents how you can be impressionable, sensitive and compassionate towards other people. It can also show where you might have a lack of resistance or stamina and be influenced to be insincere or to deceive others.

*Neptune / Midheaven*

This point represents uncertainty in your life direction and insecurity when thinking about your professional reputation and career. It can also indicate life objectives that remain shrouded in mystery and an aimless purpose. Be aware this point also indicates the pursuit of wrong or peculiar ideas.

*Pluto / North Node*

This point represents the urge to make contacts and exercise your power and influence over them. It is a point of karmic destiny and can be linked to powerful moments of life change. In mundane astrology, it represents the combined destiny of a nation or large group of people.

*Pluto / Ascendant*

This point represents how you like to exercise control and power in your general approach to life. You might have a peculiar yet influential approach that people find fascinating. Your relationships and partnerships can be unusual, which much power play involved.

*Pluto / Midheaven*

This point represents the forces and influences behind your aspirations. It shows how and where you wish to be successful and important, and where your authority and ability to keep your professional reputation is.

*North Node / Ascendant*

This point represents how we make efforts to understand other people and conduct ourselves in social and the relating spheres of life. It shows how we make contact with others and build on teamwork and associations.

*North Node / Midheaven*

This point represents where you join up with others for shared ideals, concepts and causes. This is where you make good unions and have mutual inner understandings with others.

*Ascendant / Midheaven*

This point combines your aspirations with your personality. In other words, it is your career point. It's the point of 'self-actualisation' and the 'here and now', where ego, life direction and vocation (the Midheaven) is combined with meeting life, individualistic reaction and one's general approach to the outside world (the ASC). This is the most important midpoint to use for discovering how one's life is being expressed moment-to-moment.
